Communication Coordinators Meetings:

The Communication Coordinators Meetings provide two-way communication between the School Districts' Libraries and the School Library System. Information from the State, BOCES, and School Districts is shared with and among the Liaisons. The meetings provide an excellent opportunity for librarians to network!

Membership Days:

Membership Days are planned with the Communication Coordinators during the Communication Coordinators Meetings. The purpose of the 2 scheduled days is to provide training and discussion on a variety of issues/topics which affect the librarians, their staff and the teaching staff in their school library and school setting. Pre-registration is required.
